

Library News

May 2016

From the desk of your Librarian, Barb Anderson

It is hard to believe how fast this year is flying by!

Themes for April were April Fool's Day, Spring, Earth Day, Growing plants and Gardening.

Just a quick reminder to students to get any overdue library books handed in. Letters have been sent home with the students. I will mail letters after May 1st for any items that still have not been returned.

Scholastic Book Orders for May and June will be sent together and all orders need to be handed in to me by Tuesday, May 24th. This will be the final order for this school year.

Have a great month everyone!

Campbell's® Labels for Education™ Program Winding Down

The Campbell's® Labels for Education™ is winding down. The Labels for Education™ logo will be removed from their products mid 2016. There will be a limited supply of these products and by

January 1, 2017 ONLY products with the Labels for Education™ symbol will be accepted.

I would like to thank everyone who diligently collects Campbell's® labels for us!

With the upcoming changes to the program take note that in the future only labels that have the Label's for Education™ symbol will be accepted.

Please send in all labels for this year by May 6th as

our annual deposit must be completed in May. Thank you to those people who trim their labels before sending them in, it saves a lot of time on our end. Once again, THANK YOU for your support!
